

# 21 companies organized into 36 bidders will participate in Round 3.1

Published on march 23th, 2018

## Companies with most registered bidders in Round 3.1 (R3.1)

- For the First Tender of Round 3, during which 35 production shared contracts in shallow waters will be tendered, 21 companies were registered as 36 bidders: 14 individual companies and 22 in consortium.
- The company Deutsche Erdoel Mexico (DEA) will participate as 9 bidders, making it the company with the most associations in this tender. In second place appears Pemex, being able to participate individually and through 6 consortiums.
- It also highlights that 9 of the 21 companies (see chart on the left) may participate as bidders in more than three different ways, and only 3 of the 21 (Chevron, ONGC Videsh and Repsol) will participate exclusively as individual companies.
- It is important to note that 17 of the 21 registered companies have won contracts in previous bidding rounds (in Mexico). This is the first time Malaysian company Sapura Exploration and Production participates in a bidding process in the country.
