

Pemex registers for R2.4 through 6 consortiums and individually

Published on January 26th, 2018

Companies with the highest number of bidders in R2.4

- For the last tender of Round 2, corresponding to deep water contracts, Pemex may participate through 7 bidders, placing itself as the company with the largest number of associations in this tender.
- In total 21 companies were registered through 26 bidders: 9 individual and 17 in consortium.
- Stresses that 9 companies may participate through at least three bidders, either individually or in consortium. While only BHP Billiton and ExxonMobil will participate only individually.
- 13 companies registered for this tender, also participated in the fourth tender for round 4 in deep water. In that tender, Total was the company with the highest allocation, winning 3 contracts, one in association with ExxonMobil and two in association with Statoil and BP, with which it returns to participate in R2.4.
