

Production of hydrocarbons
Net volume of hydrocarbon production by contract area
December 2018

Table with columns: Contract, Contractor, and monthly production volumes (May 18 to Dec 18) for various hydrocarbon types like Diavaz Offshore, Callesano Oil & Gas, etc.

Table with columns: Contract, Contractor, and monthly production volumes (May 18 to Dec 18) for natural gas production, including contractors like Pemex Exploración y Producción, etc.

Table with columns: Contract, Contractor, and monthly production volumes (May 18 to Dec 18) for natural gas volume for sales, including contractors like Pemex Exploración y Producción, etc.

Table with columns: Contract, Contractor, and monthly production volumes (May 18 to Dec 18) for oil production by contractor, including contractors like Pemex Exploración y Producción, etc.

Table with columns: Contract, Contractor, and monthly production volumes (May 18 to Dec 18) for production of natural gas by contractor, including contractors like Pemex Exploración y Producción, etc.

Notes: 1. Production volumes correspond to the well production volume reported by the contractor... 2. Comparison to the production data in accordance with the conditions for the use of 'Oil' as the 'Measurement Substituted'...

Source: Calculations made by the National Hydrocarbons Commission using information submitted by the contractor.
