¹ Between 2009 and 2016, the figure corresponds to the annual average oil production per well in Chiapas; between 2017 and 2019, the figure corresponds to the monthly average production reported.

¹ The calculation takes into consideration all months in the period.

² Figure represents the total of wells during the indicated period.

Source: Pemex Exploration and Production Institutional Data Base and the CNH. Figures can vary due to revisions and validations.
